MPC (Maths, Physics, Chemistry) **June 2019 – Mar 2021**
Percentage: 89%

Sri Raghavendra EM High School, Allagadda, Andhra Pradesh
10th Standard **June 2018 – Mar 2019**
CGPA: 9.0

Professional Experience

Employability Skills Intern, AICTE-Eduskills (Remote) **Jan 2025 – Mar 2025**

- Strengthened communication, teamwork, and problem-solving skills to improve workplace adaptability.
- Gained hands-on experience in resume optimization, interview strategies, and career development.
- Developed time management, critical thinking, and decision-making abilities to enhance professional growth.

Web Development Intern, AICTE-Eduskills (Remote) **Oct 2024 – Dec 2024**

- Designed and developed responsive web applications, including a weather app, to-do list, and Amazon clone, using HTML, CSS, JavaScript, Bootstrap, and PHP.
- Integrated APIs, ensuring cross-browser compatibility and enhanced user experience.
- Utilized Git for version control and explored AWS cloud services for scalable deployment.

AWS Cloud Intern, AICTE-Eduskills (Remote) **April 2024 – June 2024**

- Gained practical expertise in deploying AWS services such as EC2, S3, and RDS.
- Built scalable cloud-based applications with foundational knowledge of cloud architecture.
- Collaborated on real-world projects, focusing on infrastructure setup and management.

Projects

Weather App *HTML, CSS, JavaScript*

- Developed a responsive weather app with real-time data fetching using API integration.
- Implemented dynamic features to enhance usability and ensured compatibility across devices.

Amazon Clone *HTML, CSS, JavaScript*

- Replicated key features and design elements of the Amazon website.
- Focused on creating an interactive and user-friendly interface.

ATM Interface *Java*

- Simulated essential banking operations like balance inquiry, cash withdrawal, and deposits.
- Designed an intuitive user interface with secure transaction processing.

Technical Skills

- **Programming Languages:** Java, Python, JavaScript, SQL, HTML, CSS
- **Technologies:** AWS Cloud, Bootstrap, DSA, PHP
- **Soft Skills:** Problem-solving, Time management, Communication
